## **DD Maverick 519**

(PCC 7009 173D Maverick 0183 ET x KJ 555D Leader 117F x H Full Throttle 5073 ET)

BW 4.0 WW 65 YW 100 MM 28 MG 61 UDDR 1.3 TEAT 1.3 REA 1.01 CHB 152

We have always respected Perez Cattle Company's ability to combine maternal characteristics without sacrificing muscle. It was an easy decision to AI some of our better cows to Maverick after watching him dominate the show ring in 2023-24, and knowing the real world cow power that resides in New Mexico. 519 is a big middled, sound structured bull that has as much muscle and bone as you would want. 100% pigment in both eyes is an added bonus. He is just one of many bulls we have for sale at the ranch that can add quality to any cowherd.

## **Scholarship Application**

This scholarship will be awarded to current KJHA members who are graduating high school Seniors. This scholarship award is based on scholastic excellence in high school, KJHA/NJHA leadership and involvement, interest in the cattle industry, and youth leadership activities. To receive this scholarship, applicants must enroll for the fall semester at a junior college, university, or technical school.

The completed application, a copy of your most recent high school transcript, and two letters of recommendation must be postmarked no later than May 1 and mailed to Kim Cerny, PO Box 46, Narka, KS 66960. You are encouraged to enclose all of the required scholarship material in one envelope. If materials are sent separately, it will be the applicant's responsibility to ensure the appropriate individuals or institutions have forwarded the required material. As a graduating senior, if you would like to apply for this scholarship opportunity, please contact Kim Cerny at [kchereford@hotmail.com](mailto:kchereford@hotmail.com) or 785-822-4802.

### **Completed application includes:**

- \* Completed and signed application
- \* Two letters of recommendation from the following: 4-H/FFA leader, school principal/superintendent, or adult AHA member.
- \* Most recent high school transcript

### **In a separate document, please answer/explain the following questions:**

- 1) KJHA/NJHA activities/work
  - a. Number of years as a member
  - b. Offices held
  - c. Responsibilities within the associations
  - d. Recognitions received within the associations
    1. Including activities, contests, conferences attended, honors, and achievements.
- 2) 4-H and/or FFA club activities/work
  - a. Number of years as a member
  - b. Types of projects
  - c. Offices held
  - d. Recognitions received
  - e. Explain your responsibilities within the clubs
- 3) Summarize other interests and activities (Music, Athletics, Church Work, High School Activities, etc.
- 4) Describe your career goals and ambitions for the future.
- 5) State the reasons for your decision to study the field you have chosen for your college career and any other factors you may wish the committee to consider in determining your eligibility for this scholarship.

# AM I FULL OF CRAP?

Calf scours are not inevitable. A strong prevention program is non-negotiable. Dependable scour prevention is essential for calf welfare, employee morale and business profitability. The immune system's response to vaccination is variable and unpredictable. That's why giving preformed antibodies instead of relying on a vaccine to stimulate antibody production is so important. I'm all for removing uncertainties. So yes, I stand by this product. (And no, I'm not.)

# Kansas Hereford Association News

I must say, even though winter had to prove that it still exists, this has been an exceptionally nice one so far. I'm not sure if I have mentioned it, but I am not a fan of winter at all, though I can handle this. At the time of writing this, the extended forecast shows this continuing. The week of frigid weather we had was just enough to kick the cows in gear to start calving here. Those great Hereford mothers did a fantastic job as always, but I was glad to see it end. It seems most of the state is sitting good for moisture, also. That is a welcome change. I checked the drought monitor and it appears we are fortunate to be in that category. There seems to be drought conditions in all our neighboring states, but we all know spring can change that in a hurry.

Even with the dryer conditions surrounding us, there seems to be an increased interest in heifers. This does not seem to be for everyone though. Females are fetching a premium and that has priced a lot of producers out. The rebuild has certainly been slower than in 2014, but I think everyone remembers all too well how that went. Cull cow prices sure make it easy to haul those opens and poor doing cows to town. All in all, the cattle market continues to shine, and we all know to enjoy it while we can. Bull sales are in full swing and what a season it has been. Record setting averages are the common theme. There are several opportunities this year to pick up some new genetics for your herd. You can find a full list of sales on the events page in this issue. There are some new sales that will have some fantastic offerings, as well as all the sales you are familiar with. Lots of these have opportunities to pick up females to replace those old cows you hauled to town. Don't forget to check out the membership directory where you can find lots of private treaty offerings to fill your needs. You can find it, along with all the current events at [www.kansashereford.com](http://www.kansashereford.com).

The Hereford Feedout and the juniors Shootout is in full swing out at HRC. I am not even going to talk about this fantastic program without first thanking all the great people, as well as HRC, for putting this project together. There is a lot of work that goes into this and I am very thankful for everyone that helps. The Feedout gives all Hereford producers an opportunity to market their cattle and get real carcass data they can use to improve their herds. The junior's Shootout is a one-of-a-kind program that allows juniors to get real word knowledge of our industry on a level that most never get exposed to. Even juniors that don't have cattle can partake in this by "borrowing" steers from generous producers. I encourage everyone with an interest in the cattle industry to look into this program. HRC will be hosting its field day on April 17-18 in Scott City, KS. This is a very educational event and worth taking no matter who you are.

With Spring comes the KJHA Kansas Hereford Show that will be held May 23-24 in Manhattan, KS at Cico Park. You can find the KJHA ad in this issue with a list of events taking place. You can also find information regarding the scholarship application and ways to help sponsor the juniors. For more information regarding the scholarship, contact Kim Cerny at 785-822-4802 or [KCHereford@hotmail.com](mailto:KCHereford@hotmail.com). It is always great to see all the hard work the juniors and their families put into this event. I hope to see you there.

That is all I have for now. If there is ever anything I can help you with in the way of Herefords, don't hesitate to reach out. I hope to see you at some of the great sales and events this spring. Thank you all for your support.

**Our 2025 Calves are sired by:

# Production Sale March 14th at Gustafson Herefords

**Two Year Old Bulls**  
Horned & Polled  
Developed with the  
customer in mind.

**Fall Yearling Bulls**  
Horned and Polled  
Our bulls are never creep  
fed or pushed hard. They  
are ready to work for you.

We will also be selling  
some top end  
registered females.  
Four elite spring pairs with  
AI calves at side.

Buyers pick from our spring  
2025 replacement heifers.  
None held back. You liked  
them on the tour, so come and  
make a pick.

Four top end fall 3 in 1 packages.  
This three year old sells with a  
3248 bull calf at side and bred back  
the same way.

Come by and view the cattle any  
time

Call or email to request a catalog.
